

M. E. SESSION CLOSES TODAY

Twelve Delegates Elected
For Little Rock Con-
vention.

D. C. MEN CHOSEN

Will Build \$60,000 Church in
Hyattsville and One in Wal-
ter Reed District.

Delegates to the general quadrennial conference of the Methodist Episcopal Church, to be held in Little Rock, Ark., in May, were elected at the afternoon session of the 135th annual conference yesterday. This event, one of the most important of the convention, took place at the Mount Vernon Methodist Episcopal Church, where the three-day session is in progress.

Six clericals and six laymen were chosen as delegates. The clericals were: Rev. Dr. J. Howard Wells, presiding elder of the Washington District; Rev. H. H. Sherman, of Front Royal, Va.; Rev. Dr. E. L. Wolf, of Baltimore, Md.; Rev. Dr. H. M. Canter, of Roanoke, Va.; Rev. Dr. J. H. Light, of Romney, W. Va.; and Rev. Dr. C. D. Harris, of Baltimore. The laymen delegates were: Judge E. D. Newman, of Woodstock, Va.; W. R. Cross, of Salem, Va.; L. W. Davis, of Baltimore, Md.; H. Bryan, of Stanton, Va.; W. F. Hammer, and W. M. Willen, of this city.

Long List Admitted.

Other elections during the afternoon session resulted in the selection of a long list of elders, deacons and in the admission of a number of clericals into the Baltimore conference. The latter will be received formally and admitted by Bishop U. V. Darlington this morning at 11:30.

Three addresses were made between the elections at the afternoon session. Dr. W. B. Beauchamp, of Nashville, Tenn., spoke on the Missionary Centenary; Dr. Gilbert Howe, also of Nashville, and editor of the Methodist Quarterly Review, of Nashville, talked on the work being done by the Epworth League.

Will Build New Churches.

Last night's meeting of the Board of Church Extension was presided over by Rev. Dr. C. M. Hesser. Addresses were delivered by Rev. Dr. S. H. C. Burgen, of Louisville, Ky., general secretary of the Board of Church Extension, and Rev. Dr. E. H. Bennett, general secretary of the department of ministerial training and supply.

Announcement was made by Rev. Dr. J. Howard Wells, presiding elder of the Washington District, that \$120,000 will be expended for erection of two new churches in Washington and vicinity during the coming year. One costing \$60,000 will be erected at Hyattsville. Another \$60,000 will be expended on a new Emory Church to be located in what is known as the Walter Reed district. The Mt. Pleasant M. E. church will build a \$60,000 addition.

Will Call at White House.

The feature of this, the closing day of the three-day session, will be memorial services at 10:30 for the ministers of the church who have died in the last year. Previous to this the report of the Benevolent Society will be received. At 11:30 Bishop Darlington will receive and formally admit into the Baltimore conference the young clericals who yesterday passed tests.

Albert A. Schulteis Heads Parish Council

Albert A. Schulteis, president of the Washington Chamber of Commerce, was last night elected to the presidency of the St. Paul's Parish Council of the National Council of Catholic Men to succeed Admiral William S. Benson, who resigned because of his duties as president of the District Council and of the National Council.

Other officers elected were: Lieut. Col. L. R. McAndrews, vice president; Henry Schildt, secretary; and John D. Leonard, treasurer. The meeting was addressed by Monsignor James F. Macklin, pastor of the St. Paul's Parish, and by Joseph A. Atchinson, president of the dramatic guild of the District Council.

William H. Winchell Dies.

ROCKVILLE, Md., March 24.—William H. Winchell, for many years in the employ of the Baltimore and Ohio Railroad as baggage master, died yesterday in Gaithersburg, aged 58. He is survived by his wife. The funeral will be held tomorrow noon at the residence, burial to be at Frederick, Md.

Lecturer Paints Japan's Marvels

Tells Geographic Society of
Bamboo Groves Growing
Inch an Hour.

Land which has been extensively cultivated for more than 2,000 years, yet yields larger returns now than the farms of Illinois or Wisconsin; bamboo groves which grow twenty-four inches in twenty-four hours; scientific forestry that dates back to the twelfth century—these are some of the aspects of industrial Japan that are less familiar than her better known silk, pottery and tea industries.

Remarkable colored slides were shown of these phases of Japanese life by J. Paul Goude in connection with his lecture on "Industrial Japan" before members of the National Geographic Society last evening.

In many of the industries the patience of the Japanese people is a determining factor, the lecturer said, and especially is this true in the care needed for raising silk worms. Though America is equipped with land capable of producing silk, he said he doubted whether American workmen would be temperamentally fitted to take the pains needed for the development of this industry.

The music of the temple bells, which has a quality produced by the wooden beams swung to strike the bells on the outside; the miles of cherry blossoms that resemble a beautiful sunset and the exquisite beauty, the form, color and odor of the lilies are among the aesthetic factors that make Japan an island of beauty, as well as an intensely busy industrial country which supports 70,000,000 people upon an area not so large as the State of California.

HARDING REGRETS STAND TAKEN BY COAL OPERATORS

Continued From Page One.

Senate should take the initiative in authorizing the appointment of an American member to the allied reparations commission. He is of this mind because it was Congress which decreed that the Executive should not have authority to name such a commissioner.

Will See Mexican Envoy.

Colorado River Waterway Project.—It is the judgment of the President and the Cabinet that no further water power grants in the Colorado River should be permitted until the Federal Power Commission has made a report to Congress on all proposed projects there, and Congress has adopted a definite policy which would take care of all questions arising from conflicting State rights.

Mexican Situation.—No new developments, except the informal information reaching the White House that Adolfo de la Huerta, Mexican secretary of the treasury in the Oregon cabinet, is on his way to the United States and contemplates coming to see the President on matters appertaining to recognition by the Mexican Government by the United States. The President will, of course, see Mr. de la Huerta, if he should seek such a conference.

BE REPRESENTED at the ATLANTA AUCTION SALE

APRIL 11th, 1927.

This is the fourth of a series of gigantic Auction Sales being held at Atlanta. Large and small buyers will find a wide variety of commodities being offered, that are of the highest standards. POLICE SEIZE FIFTY GALLONS

Run Down Three Alleged
Bootleggers 'Midst
Hot Gun Fire.

HELD IN \$500 EACH

Auto Chase Continues for
More Than Mile to Flor-
ida Ave. Garage.

Chasing a trio of alleged bootleggers for more than a mile, midtown police finally ran them down and confiscated fifty gallons of corn whiskey.

The chase started when Revenue Agents Evans and Ruby and Lieutenant Davis and Policeman Mansfield, of the Second precinct, saw three accused negroes yesterday carrying two sacks into a shed in the rear of 52 Pierce street northwest.

Fire on Policemen.

As soon as the police entered the alley, they were observed and the alleged bootleggers fled, opening fire before the bluecoats and agents could regain their motor car. The police pursued the fleeing machine until it drove into a garage at Eighth and Florida avenue northwest. They closed in on the place.

Those arrested were William F. Hanson, 30 years old, 52 Pierce street northwest; Sherman F. Marshall, 29 years old, and Ida Regina Marshall, 29 years old, both of 52 Pierce street northwest.

Hanson, who was said to be the leader of the group, attempted to give battle, but was soon quelled. All were charged with transporting liquor and held in \$500 bond each.

Seizes Seven Gallons.

Policeman Waters, of the Eleventh precinct, halted a carload of alleged bootleggers and liquor when he arrested Robert Marshall, 26 years old, 409 Howard road southeast; Mack Wiseman, 24 years old,

Insists on Telling "It" to Wilson

Prisoner, Who Demands to
See Former President, Taken
To Asylum Hospital.

Persisting in his wish to see former President Wilson and explain "it" to him, Louis Bogguine, 47 years old, who told police that he has been in America for twenty-five years, was removed from a Tenth precinct station-house cell to the Washington Asylum Hospital yesterday. Hospital officials will test his mentality this morning.

When taken to the municipal hospital, Bogguine, who was arrested by police of the Tenth precinct when he became insistent in his attempts to interview the former Chief Executive early this week, told officials, they said, that he had left friends and a real estate business in San Francisco to come to the Capital, sell newspapers, and see Wilson. He said he had lived at 311 E street northeast for six months.

107 Howard road southeast; and Alexander McLean, 30 years old, 2515 Nichols avenue southeast, on Nichols avenue, near Summer road southeast, shortly before sunrise yesterday.

The trio were accused of transporting seven gallons of corn whiskey and taken to the Eleventh precinct station-house. McLean was later released on bonds of \$1,000, but Mitchell and Wiseman were confined to cells.

Little Congress to Meet

"Resolved that the Little Congress endorse the President's position in regard to the ship subsidy" will be the resolution that will take precedence over all other action at the session of the Little Congress in the caucus room of the House Office Building tonight. Officials of the organization declare the legislative decks are cleared for action.

CLARENDON SEEKS TO RETAIN PASTOR

CLARENDON, Va., March 24.—Although Rev. Edgar C. Beery has served five years as pastor of the Methodist Church here, the members, through the official board, have requested the Baltimore Conference now in session in Washington to reappoint him for another year.

Similar action was taken by the Central M. E. Church at Ballston which is also under direction of Mr. Beery.

During the past conference year the two churches have raised for all purposes a total of \$10,500, of which \$8,000 is credited to the Clarendon church. The latter figure includes \$1,093 by the Sunday school; missions, \$1,500; ransomage building fund, \$2,700; pastor's salary, \$1,500; incidentals and Epworth League, \$1,300.

There have been 40 additions to membership at Clarendon, raising the total to 300 and an increase of 11 at Ballston now totaling 76. The Sunday school enrollment here is said to be the largest in the county.

It is said that Mr. Beery went to the conference with report of all obligations and assessments fully met.

Joseph A. Mobley Dead.

ROCKVILLE, Md., March 24.—Joseph Allen Mobley, life-long resident of this county, died this morning at his home at Hunting Hill, aged 61. Pneumonia, following influenza, was the cause of death. He was unmarried. The funeral will be held at 2 p. m. Sunday at Pumphrey's Chapel, burial to be in the cemetery at Gaithersburg.
